

3/4 Extension Undermount Slide for Face Frame Construction

USF Series

BENEFITS

3/4 extension slide completely hidden from the user

Soft close feature automatically engages the drawer and brings it to a swift, soft and quiet close

75lb dynamic load capacity suitable for all medium duty applications

For face frame construction cabinets only - excess steel material eliminated to create a true value undermount

Accepts drawers up to 5/8" thickness

Left and right release clips included

Non-handed rear brackets included

functional
